

StandUp Hanger

StandUp Hanger is a neat, elegant hanger. The hanger is manufactured in Småland from sustainable materials. Design: Dan Ihreborn.

The hanger provides simple, flexible stowage for StandUp products that have a hanging option. The hanger is simple to move using the easy-grip top ring. StandUp Hanger is well suited for use in public spaces, coworking spaces and offices. It was developed to promote and motivate the use of products for keeping active at work.
