

# KORES Lint Roller

## DESCRIPTION

**Kores Lint Roller** is the ideal device for removing lint, fuzz, or hair from many different materials. The Kores Lint Roller consists of a plastic handle with a fixation cap and a replaceable paper roll with adhesive surface, which is mounted on a central cylinder, allowing it to rotate around the axis. Used sheets can be easily removed when adherence decreases.

## PRODUCT BENEFITS

- 80 sheets
- diagonally pre-cut,
- alternating colors for easy peel
- Off-centered handle for better control and adequate space for guiding hand
- Hook on the end of the handle for easy storage
- innovative twisting mechanism to prevent the cap from accidentally disassemble from the handle

## TECHNICAL SPECIFICATIONS

Part Description	Material	Measurements [mm]		Weights [g]
Lint Roller		Total Length (incl. Cap)	230	136
		Total Width (incl. Cap)	53	
Cap	PP	Diameter $\varnothing$		4
		Hight		
Handle	PP	Length		26
		Width		
Lint Roller Tape (Full Roll)	Siliconized paper coating	Length	100	
		Diameter $\varnothing$	50	
Lint Roller Tape (Single Sheet)	Siliconized paper coating	Length	100	
		Width	157	
Tape Carrier Roll	Cardboard	Length	100	
		Diameter $\varnothing$	15	

## TRANSPORT & STORAGE

Store in a clean dry environment between 10°C and 40 °C. Transport regulations are not applicable for this product.

## SAFETY & TOXICOLOGICAL INFORMATION

No known hazards.
