Long term storage at room temperature or below

*: It is the obligation of the recipient of this declaration to ensure that the packaging is suitable for the aimed processing and downstream use circumstances.

4. LEGISLATION

Huhtamaki Nederland B.V. confirms that the products listed in section 2 fulfill the requirements on products intended for use in contact with food as defined in:

- Regulation (EC) No 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food and its amendments up to date of this statement;
- Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food;
- Federal Institute for Risk Assessment BfR XXXVI, Paper and Board for food contact;
- Council of Europe Resolutions AP (2002) (CoE) on paper and board materials and articles intended to come into contact with food.

(Normpack Certificate available upon request)

5. ADDITIONAL LEGISLATION

- Directive 94/62/EC on packaging and packaging waste and its amendments up to date regarding the threshold limit of 100 ppm by weight of heavy metals;
- The raw materials and additives used in the manufacturing process meets the requirements as stated in the Packaging and Commodities Act (in Dutch: Warenwet).

6. OTHER SUBSTANCES

- The product does not contain any intentionally added Bisphenol A (BPA).
- The product does not contain any intentionally added Fluorine containing active compounds, such as PFOA and PFOS. Due to the recycled nature of the raw materials used in the production of this product, Fluorinated compounds may be present as contaminants. Routine due diligence screening is undertaken to monitor these levels and ensure compliance to applicable requirements.
- The product does not contain any intentionally added MOSH/MOAH

7. TRACEABILITY

Traceability is achieved by reference to coding on the item pallet label and/or through order and /or license plate number.

This certificate is valid until there are substantial changes in the composition or production that bring about changes in the migration from the materials or articles or when new scientific data becomes available.
